WHY DID GBLS CREATE MADE?

Twenty five percent of tenants miss their court date. MADE helps tenants keep track of deadlines, empowers them to understand their rights, and saves lawyers, landlords, and court time by creating more accurate and easier to read pleadings.

MADE helped shorten GBLS' weekly eviction clinics from four hours to one and a half. MADE also lets tenants get help where they need it: at home, at a service provider, the court service center, or a public library.
